BATCH NO- GDSE-71

Project Title

Sinhala sub title adding movies watch – SINHALIES THEATER

Project Objective

The main objective of this business proposal is to provide an ad-free website to download Sinhala subtitles for movies of all languages without any cost. This website also provides a paid subscription option that allows all users to download newly released movies with Sinhala subtitles and also allows them to watch the movies live.

Features

- Download movies category wise
- Get notification to user with new movie release
- Can search any movie easily
- Give membership to watch new release movie
- Membership owners can watch movies live in website
- Google login allows in login
- Membership expire reminder
- Add personal review to watch movie

Technologies Used

- Frontend: HTML, CSS, JavaScript, jQuery, Tailwind CSS
- Backend: Java, Spring Boot
- Database: MySQL
- Other Tools: AJAX

Expect Outcome

The main expected outcome of this business proposal is to provide an ad-free website where all Sri Lankans have the opportunity to download Sinhala subtitles for any language movies for free. This helps people to enjoy movies anywhere, anytime and explore the vast culture of cinema around the world
